

INVESTMENT OPPORTUNITY OVERVIEW

For more than three and a half decades, the Six Figure Club and our parent company, Mentor Services Unlimited, LLC, have assisted thousands of Private Members achieve their financial goals. We have helped individuals, families, small local businesses and even large multinational corporations to “ARRIVE.” We can help you as well!

Your Total Needs Analysis profile is important for creating a current picture of your financial condition where any problem areas can be recognized and solutions can be implemented – will be presented to our Executive Advisory Council where our Board of Directors and Financial Advisors review and make specific recommendations on how to best resolve your financial requirements. When appropriate we may offer resources to you, including access to funding organizations in our global network. Our proposals are focused on reallocating non-performing or low-producing assets into one or more of our firm’s global network of Programs, Products, Services and Projects (PPSP).

You have two PATHS for your Sweepstakes investment: HIGH YEILD RETURN, PASSIVE INCOME PATH where you may earn 18% to 60% annually OR OWNER/OPERATOR INCOME PATH, where you may earn 25% to 35% monthly of the net profits per machine. Both investments can be paid on a monthly basis.

In your particular case, we are providing several areas where we feel you could accomplish the following through the use of OPM (Other People’s Money). We recommend that 100% of our investors use our “Financial Solutions Calculators” in order to clearly identify what problem areas exist and define what solutions are required to achieve your personal and/or business goals. Our mission is to deliver on our promises and the following:

1. Generate substantial positive cash flow that could be used to offset and/or replace your current and future monthly overall reoccurring bills.
2. Use one or more of our Programs, Products, Services, and Projects to reduce substantially and/or eliminate completely your total overall debt. This can also define a timeline that clarifies how long in months and years it will take you to become “debt-free.”
3. Our overall goal is to create an unending stream of “new income funds” that when properly sheltered in legal investment holding companies and/or reinvested allows you to amass substantial financial security as one of our private members who have joined *The Inner Circle of Wealth*.

Advisory Council Asset Reallocation Recommendations:

1. Consolidate any of the assets you have acquired that do not currently produce a minimum 18% annual (ROI) Return on Investment earnings rate.
2. You could and should reposition those funds and acquire as many Sweepstakes “Cash-Receptor” Machines as you can now. For a limited time, the investment per machine is only \$5,000, which is discounted \$1,500. from \$6,500. Note: The more machines you purchase the higher your yield (i.e. percentage of profit you will earn).
3. Take advantage of our Global Financial Resources Network. Here you can apply for financial assistance by securing a *business loan to start this business enterprise* and or to increase the total number of machines you wish to own to increase the total amount of passive labor-free income you need on a monthly basis.
4. You will also have financial security through our money-back guarantees if you are not satisfied with your returns. This allows you to be worry free and invest without risk.
5. When listing your assets and liabilities on the Total Needs Analysis profile, you need to be as accurate as possible in order for our recommendations to help you eliminate specific debts and accrue value each and every month.

Advisory Council Liabilities Reallocation Recommendations:

1. When seeking financial instruments you should acquire the ones that have a “positive addiction factor” built in to them. This means finding an investment that is based on a constant reoccurring process where consumers are willing to pay repeatedly for a specific opportunity, product or service as often as possible. Our Sweepstakes machines are “entertainment vehicles” that deliver several fulfilling factors that meet this requirement.

INVESTMENT OPPORTUNITY OVERVIEW

In fact, all of our Sweepstakes Entertainment Video Gaming Consoles now have more than 50 exciting games to keep the players engaged while 99% of all other systems that exist around the globe have between 1-5 games. Added to that is the fact that our Sweepstakes games are Internet-based and can be played anywhere, anytime.

2. Your debts and your assets both need to be disclosed in order for a sound financial plan to be proposed whether you are an individual, family, small business or a national or global mega-corporation.
3. We offer two strong guarantees to eliminate risk from your investment:
 - a. **Money-Back Guarantee:** If after 12 months of earnings, you are not completely satisfied with the returns you have received, we will refund your entire investment minus the returns you have already received no matter which investment path you choose – any level of owner/operator or the high-yield return, passive income program.
 - b. **No-Fee Guarantee:** If the Six Figure Club fails to produce at least double the annual rate of return your reallocated investments were producing at the time of your Sweepstakes investment, we will refund your annual management fee at the end of the first year. Your annual management fee ranges from 1% to 3% and is based on total amount invested.
4. As The Six Figure Club and its parent company, Mentor Services Unlimited, LLC, intends on acquiring up to 50% of the same Sweepstakes Machines that our investors purchase, our corporate mandate is to become the world's most successful and largest purveyor of Sweepstakes and Internet-based entertainment systems. This also generates continuing positive cash flow that strengthens our firm's solvency.
5. You are responsible for paying all taxes due to the appropriate agencies in a timely manner. We recommend that because you will be receiving your profits on a monthly (unless otherwise selected) basis, that you deposit and/or pay at least every third profit check toward your taxes obligations.

Specific recommendations will be sent to both you and to your Affiliate Representative. After review and presentation to you and/or your company, you may ask any questions of our representative.
